

FOTOROMANZO ITALIANO is an art collective founded in 2011. Adding a contemporary touch to anecdotes and photographic techniques, it aims to reinvent photo-novel practices by exploring the combination of text and image, distorting our understanding of reality and fiction in the process.

Limited editions

Dearest
Fotoromanzo Italiano's
friend, follower, groupie and lover,
we are delighted to announce - and if you
are reading this note, to show you - the result of
the very ultimate typology of catalogue. Here you
can find the latest selection of our limited and also uni-
que edition art works. We position ourselves beyond the
world of the gadgets market. Our notorious love for the
myse an abyme does not end here, because also our catalo-
gue is in limited edition of 99 copies. **YES** you can buy it and
always keep it with you. It is yours for just **7,95 euros**. If you
leaf it through we are sure it can satisfy your more intimate
and hidden desires. Please don't ever forget we seriously
play with visuality, that we are self-ironical and that we
have created the **#neoreality**.

Do not hesitate to order your favorites limited edition
artworks or ask for any inquiry by writing us an
email to bbc@fotoromanzoitaliano.it.

Sincerely yours, love,
Fotoromanzo Italiano.
